### For an Attended or Unattended Burial Funeral

Cemetery fees will vary depending on the local authority and residential status of the deceased. When purchasing a new grave, you will be required to pay for the plot. For an existing grave with a memorial stone in place, you may be required to pay for its removal and replacement. Our arrangers will advise you of all your options and the charges you will need to pay.

### For an Attended Cremation Funeral - The Cremation Fee

Each crematorium has their own set price list which can be found on their respective websites. We are also able to provide and accommodate multi faith, specific religious and/or cultural belief-based requirements to your loved one's funeral. Our funeral arrangers will be happy to discuss any needs or requirements that you may have.

### Additional Funeral Director Products and Services

Additional products and services will invariably be chargeable; if you want to add additional services or products, you may choose to source or take care of those yourself. We are more than happy to support, advise and work with you and your choices.
